NATIONAL ARCHIVES MICROFILM PUBLICATIONS

INTRODUCTION

On the 225 rolls of this microfilm publication are reproduced the compiled records that give the military service histories of units in volunteer Union organizations. The compiled records are card abstracts containing information relating to the stations, movements, or activities of each unit or a part of it, and frequently to its organization or composition, strength and losses, and disbandment. Sometimes the names of commanding officers, the dates the unit was called into service and mustered out, the terms of service, and similar information are included.

The compilation of records of service by military units of volunteer Union organizations was undertaken simultaneously with the compilation of the service records of volunteer Union soldiers. The work was begun in 1890 under the direction of Capt. Fred C. Ainsworth, head of the Record and Pension Division of the War Department. The abstracts were made from original muster rolls and returns in the custody of the War Department and from rolls borrowed from the Second Auditor of the Treasury. The abstracts made from the original records were verified by a separate operation of comparison, and great care was taken to ensure that the abstracts were accurate.

Most of the compiled records reproduced on this microcopy are arranged alphabetically by State or Territory. The remainder are for units that were not limited to any one State or Territory; among them are the U.S. Colored Troops, U.S. Volunteers, and U.S. Veteran Reserve Corps. The records are further arranged by organizational breakdown under each unit.

Most of the compiled records for each organizational unit are in jacket-envelopes bearing the title "Record of Events" and giving the name of the unit. Many of the cards contain abstracts of the record-of-events information as found in original muster rolls and returns. Also included are some cards showing the exact captions of the muster-in and muster-out rolls that were copied and the certifications by the mustering officers verifying the accuracy of the rolls. The jacket-envelopes for a few units contain no documents but do contain references to other units with which these units were merged. In some instances the references concern transfers of documents.

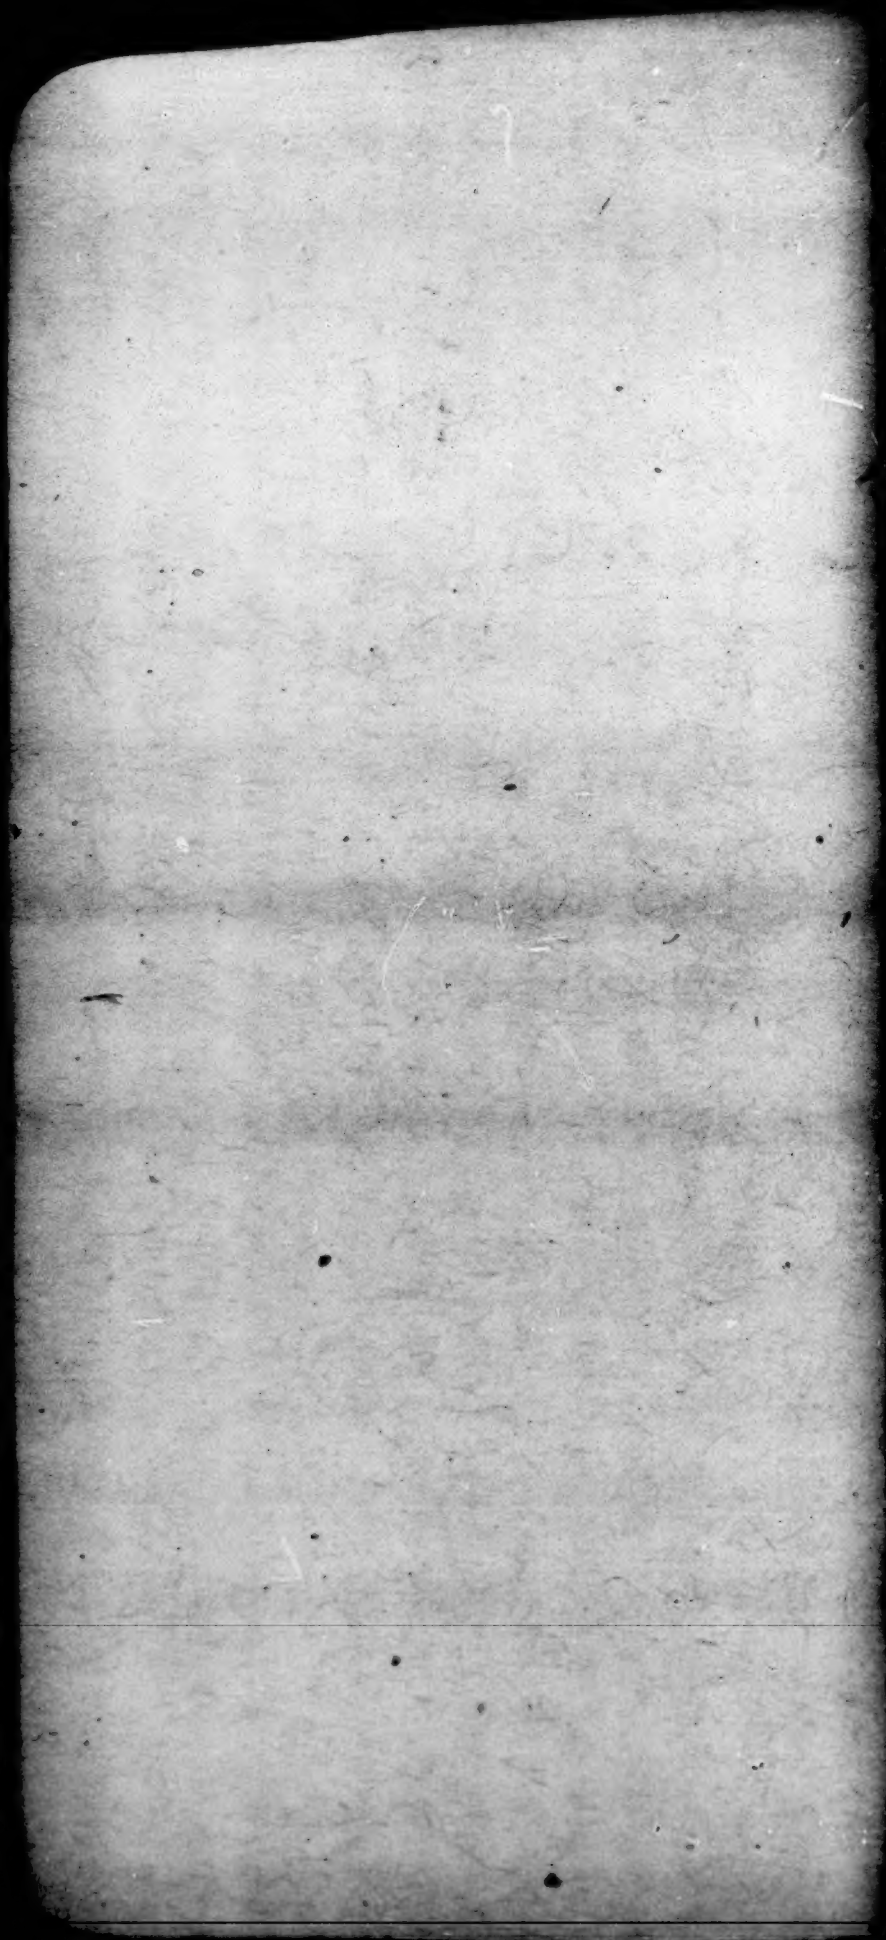

Preceding the jacket-envelopes for the organizational units there sometimes are envelopes containing general notation cards giving information relating to the units. Some of the notations are statements of determinations made by the War Department concerning the service of the units; others contain information that was found in original records other than muster rolls and returns.

NATIONAL ARCHIVES MICROFILM PUBLICATIONS

There are some card abstracts made from returns that are not in jacket-envelopes. These abstracts were accumulated by the War Department to be interfiled with the regular abstracts but were not interfiled, for one reason or another. The usual reason was that the abstracts made from returns were compiled later than those from muster rolls and in some cases the War Department failed to complete the filing of them. The National Archives has collected all theunjacketed abstracts that could be found for each unit and has filed them immediately after the jacket-envelope containing related abstracts for the unit. A card labeled "Additional Card Abstracts of Records" has been placed at the beginning of each set of unjacketed abstracts to distinguish them from the ones that are in jacket-envelopes.

The National Archives also has compiled service records of the volunteer Union soldiers who served in the units whose service histories are reproduced in this microcopy. They consist of a jacket-envelope for each soldier, labeled with his name, his rank, and the unit in which he served and typically containing (1) card abstracts of entries relating to the soldier as found not only in original muster rolls and returns but in other original records such as hospital rolls, descriptive books, and lists of deserters; and (2) the originals of any papers relating solely to the particular soldier. In a few instances there are compiled service records for volunteer Union soldiers who served in units for which there are neither record-of-events nor general notation cards; consequently, there is no record of such units in this microcopy. These units generally served only for short periods (about 1 to 3 months) or failed to achieve a complete organization. There are card indexes that may be used to locate the compiled service record of a volunteer Union soldier. Most of the indexes and some of the compiled service records of volunteer Union soldiers have been microfilmed.

The compiled records showing the service histories of units in volunteer Union organizations reproduced in this microcopy, the compiled service records of volunteer Union soldiers, and the indexes to the latter are part of Record Group 94, Records of The Adjutant General's Office.

RECORD OF EVENTS.

On the 20 day of Dec 1861, this Regiment marched to Drainesville on a reconnoissance, forming part of the 3rd Brigade, P.R. & C. under Brig Genl E.V.C. Ord, and occupying the extreme left of the command. The distance marched from Camp Pierpont was about 12 miles. On approaching Drainesville the 6th 9th & 10th Regts. being in the advance, we were suddenly fired upon by a force of the enemy stationed in the woods on our left, by a Battery concealed in the woods. Genl Ord with Eastons Battery the 6th 9th & 10th Regts ^{& the 1st Rifles} & the 1st Brigade quickly came to our assistance. Eastons Battery was placed in position & opened fire upon the enemy with such effect, that in less than half an hour the fire from the enemy's Battery slackened and then ceased altogether. a charge upon the enemy's Battery was ordered, by me and the 6th 9th & 12th regiments ordered to advance and (over)

took it. The 6th 9th 12th Regts. advanced into the woods to the right of the position and the 10th Regt. to the left with the 1st Rifles in front. The 6th & 9th Regts. engaged the enemy who appeared in considerable force. In front of the position of the 12th Regt. became engaged with the enemy, among which Private Wm. R. Fay was wounded in the leg, having received orders to withhold our fire and take the enemy's battery with bayonet & a large portion of the 12th Regt. refrained from firing. The Confederates made off the 6th 9th & 12th Regts. caused the enemy to retire in confusion. We pursued them for nearly a mile when the recall was sounded by order of Genl. McCall, we were unable to ascertain the location of their battery up to this time; on retreating we changed direction to reach the Centerville Road. And after marching a short distance we found during our advance we had passed the enemy's battery, that they had escaped down the Centerville Road & through the woods. On returning we discovered a gun carriage which had been left by the enemy on his hurried flight, being unable to take it with us it was destroyed by fire. In the vicinity of this gun carriage men were lying, upwards of a dozen dead bodies and nearly as many dead horses besides piles of unburnt ammunition, clothing, provisions, &c. which had been left by the enemy in his sudden retreat. The trees on all sides were twisted & shattered & broken indicating the destruction fire of our battery. As we have gathered much material as we could conveniently carry without overloading ourselves we took up our line of march for the Birmingham Pike & in obedience to orders returned to Camp Decatur, a distance of 12 miles which we reached at 10 o'clock P.M. During the day on return this Regt. marched about 80 miles. And was engaged in the fight & pursuit nearly two miles. During the early part of the contest was for more than one half hour under fire without being able to return it. The conduct of both officers and men was of the most steady & soldier like character. When ordered to charge on the battery Fay obeyed with alacrity & enthusiasm,

RECORD OF EVENTS.

This image shows a single sheet of white paper with horizontal ruling lines. The lines are evenly spaced and run across the width of the page. There are approximately 20 lines visible. The paper appears to be from a notebook or a set of legal pads. The edges of the paper are slightly irregular, and there's a faint shadow on the right side, suggesting it might be part of a bound volume.

This Regiment marched from Falmouth to Fredericksburg on 26th of May thence to Falmouth again on the 31st. It embarked from Falmouth June 9th for White House & arrived there on the 11th. From thence it marched to Dispatch Station & returned again to White House in search of Stewart's Cavalry which was making a raid in the rear of lines. Being unsuccessful in finding any of Stewart's men it returned to Dispatch St. & marched thence to the extreme right of the lines of the Army of the Potomac near Mechanicsville & encamped. On the 26th day of June being on Pickett the Regiment engaged the enemy two miles beyond Mechanicsville & held them for an hour giving the whole army ample time (over)

to form & prepare to resist an attack. In this engagement a whole company was cut off. After fighting as skirmishers the Regiment retired to Rifle pits & fought till 10 P.M. driving the enemy back whenever they approached its front. At 2 A.M. the whole right wing of the Army had retreated to Gaines Hill & this Regiment was ordered to hold the enemy as long as possible and then to retreat cutting the bridge at Gaines Hill on the way. They remained till 6 A.M. & then were ordered to retire which they did with the loss of two whole companies taken prisoners.

At Gaines Hill it was brought into action at 3 P.M. & fought until 6 P.M. when they with the whole right wing were ordered to fall back as the ammunition had been expended. From Gaines Hill it marched to Charles City & Roads and there engaged the enemy on Monday the 30th where many of our men were killed & wounded.
